PAR 249

Briefing Print Enlarger Prototype (BPE)
Operational Improvements and Maintenance

15 January 1968

PROJECT AUTHORIZATION REQUEST

PAR 249

15 Jan 68

SUBJECT: Briefing Print Enlarger Prototype (BPE) - Operational
Improvements and Maintenance

TASK/PROBLEM

1. Provide periodic maintenance for the prototype BPE at the *Monthly basis* customer's facility and conduct necessary design, fabrication and test effort to implement operational improvements as requested by the customer. *Have we requested or anticipate?*

PROPOSAL

2. The prototype Briefing Print Enlarger has been installed at the customer's facility for approximately six months. The usage of this precision instrument in a production environment has already brought to light the necessity for periodic maintenance. It is also anticipated *Prototype was to have improvements incorporated* that the customer may wish to have incorporated into the prototype *No mention of costs at time of discussion.* Briefing Print Enlarger certain minor design improvements which the contractor may introduce into later production instruments. It is the *Suppose we do not request any mods?* intent of this PAR to provide a means for accomplishing such maintenance, repairs, and modifications as requested by the customer.

3. It is proposed that the maintenance schedule be set up on a monthly basis in accordance with the Preventive Maintenance Schedule for the BPE which will be published on or about 1 February 1968 (Preparation of this schedule was covered under a separate contract). Contractor personnel will conduct such maintenance on the prototype BPE at the customer's facility for the purpose of establishing proper methods and techniques. Any desired training of customer personnel can be accomplished concurrently.

PAR 249

15 Jan 68

4. Since the nature, frequency, and magnitude of possible operational improvements, which may be requested by the customer, are not known at this time, a tentative schedule cannot be prepared. Therefore this project will become active on the date of approval and will continue for one year unless either funds are exhausted or the PAR is terminated.

5. No final report will be submitted. Documentation of effort will be accomplished in the Monthly and Quarterly Reports.
